Nobody can tell a more detailed story than Barbara, A soul so beautiful nobody can compare, I will always remember her big soft eyes , treasuring all the moments I've had with her, I thank you babes(Key)for bringing me into her life. She showed me and shaddow kindness and love and support and having her blessing to love you and support you is something I will always treasure, you took care of your mom beautifully , the life you gave her nobody else could of done a better job.she will always be with us in our hearts and memories .Barbarita!!! Me and my family lived next door to Barbara for many years she got to see our kids grow and we got to see key grow up to the fine young man he is today. So we shared many memories and we had lots of fun. Barbara enjoyed spending what time she could with all the kids so many days we would play outside with them and she would make up different games or crafts for them to do or we all would sit around and tell scary stories she loved just being with the kids..We loved her so much and enjoyed everything about her. Her and key have been apart of all our lives for so long and even though we are not there anymore we miss all those days we had with them. Barbara was so full of love and life she loved all kids no matter what and she would do anything for anyone. She will always be in our hearts. Love from Joe, Laura, Jeremiah,Breanna, and Phoebee Segura
