Katy, I so enjoyed working with you. You were truly a joy to be around. Your sweet bright soul always illuminated our days at work. No matter how hard we had to work, we were able to enjoy our time together at the bedside. Later on, you became such a wonderful and supporting friend. First when I had the cancer and later on with my mom. Your calls of support helped me through some dark days. For that I will eternally be grateful, I know how much you loved for me to whistle for you, and I shall do that the rest of my days, and always think of you. I am so sorry that you were alone in your final hours, but I know you were not alone for long after that. I have it on good authority that you went straight to heaven! God Bless you my friend. Hope to see you again one day, should I be so blessed. Love you, Joe L

I would have carried you to the gate of Heaven, if I could have. Dropped you off and said " it's okay, go on to your JUST REWARD"! But, I could not YOU MADE IT ON YOUR OWN. Thank you My Love, for a life filled with Love, Joy. Laughter, and Happiness! Your love, energy, and passion for nursing, saved many lives, including mine. Your Heart of Gold and Radiant Soul, brought comfort, closure, and peace to the loved ones of those who passed, despite your diligent effort. I know we will always be together! Rest now My Love! Until we meet again... With all my LOVE, Joe

Katie my cousin, I can't believe you are gone. I love you so much. We sure had some fun great times together. When we were children we'd spend time together riding Tio Rubens horses, you guys always had such beautiful horses. But most of all you and your family have always had so much Love for everyone, no one was a stranger to your loving heart. You spread the love and kindness to everyone and everything, every animal. Katie I we'll miss you so much till we meet again. Please giving my mom a hug and kiss from me and Tio Ruben who we loved so much and all our grandmother, Tia's and Tios. I'll miss your big smile, your wonderful laugh and your kind heart. Till we meet again my cousin, I love you 😊 Nora
